

Export offers of Saratov region

Output goods	Sphere of application	Manufacturer
<ul style="list-style-type: none"> - Rotary pumps of D and 1D type - Dosing pump units ND, GND, NDM, M, MS, NDG - Equipment for steel reservoirs for oil, mineral oil and chemical liquids storage. - Componentry for gas (steam) treating, preliminary oil treating (screen hose, drip pan, bushing insulators) units - Steel roll vertical welding reservoirs featuring the volume of 100 to 100 000 cubic meters - Horizontal steel welding reservoirs featuring the volume of 3 to 100 cubic meters - Horizontal double-walled standpipes of small capacity featuring the internal volume of 25 cubic meters - Regular structured block-nozzle for fracking fractionators of oil refinery plants - Sealing valves of soft type RUM-2 for reservoirs featuring the volume of 100 to 50 000 cubic meters with a pontoon - Mobile stand of SOG-type for cyclone cleaning of industrial and energy (transformer) oils, hydraulic systems' operating fluids, cutting fluids, vegetable oils and water. - Organization and conducting of geological survey and geophysical work. - Designing of oil production and oil refinery facilities turnkey - Power-generating set SA-20 featuring the capacity of 662 kilowatt - Power-generating set SA 10-1 featuring the capacity of 375 kilowatt - Power-generating set SA-25 	<p><u>Power engineering</u> – influent water intake for heat stations, APP</p> <p><u>Oil and gas production</u> – water inlets and transfer stations for reservoir pressure maintenance systems</p> <p><u>Agriculture</u> – in melioration for water lifting and transfer in irrigation systems</p> <p><u>Metallurgy</u> – purification of industrial drains and sewers</p> <p><u>Oil production</u> For storage of oil, oil products, water, aggressive and non-aggressive chemical products</p> <p>For storage of water and liquid fractions of the oil products</p> <p>For underground storage of gasoline and diesel oil</p> <p><u>Oil refinery plants</u> For oil and oil products storage reservoirs</p> <p><u>Power engineering</u> At gas transfer stations; at power supply enterprises, vacuum and adsorbing plants of transformer oil regeneration; at oil transfer stations, at dairy factories; at farms; at drinking water conditioning stations</p> <p><u>Oil and gas industry, Melioration</u></p> <p><u>Oil production</u> – for the drive of drilling rigs (produced in Romania) of BUF320-DH type.</p> <ul style="list-style-type: none"> - For the drive of 125 DGU and 160 DGU drilling rigs (new name – 3000 DGU and 5000 DGU) featuring the drilling depth of 3 and 5 thousand 	<p><u>“Neftemash-SAPKON” Plant</u> Iraq, Algeria, Libya, Syria, Kuwait. ISO 9001 international standard</p> <p><u>“Saratov reservoir hardware plant”</u> Customers – over 400 companies in 33 countries. Ethiopia, Syria, Iraq, Turkey, Italy, Argentina, England, etc. ISO 9001 international standard</p> <p><u>“NITL-TEGAR” OJSC</u> “Gasprom” JSC, China, all oil companies of Russia and Commonwealth of Independent States</p> <p><u>Scientific Research Institute of Geology and Geophysics</u> <u>“VNIPI Gas production” GASPROM</u></p> <p><u>“Volga Diesel named after Mamins” Plant</u> Deliveries to 28 countries</p>

<ul style="list-style-type: none"> - Diesel generator DGR-630/1500 (DG70) featuring the capacity of 630 kilowatt, voltage of 400 V - Diesel engines CHN 21/21 - Trolleybuses of ZIU model, spares - Egg power production sets - Regulative automatic machinery and signaling equipment - Gas cylinder equipment - Bearings - Construction, dimming glass, glass units, armored glass 	<p>meters</p> <ul style="list-style-type: none"> - For the drive of UNB-600 drilling pumps <p><u>Power supply of different facilities</u></p> <ul style="list-style-type: none"> - central and standby power supply of alternating and three-phase current - diesel-locomotive and main-line shunters - BeLAZ cars, 80-120 tons - main marine engines, 285-440 kilowatt <p><u>Passenger vehicles</u></p> <p><u>Poultry farming, food and confectionary industries</u></p> <p><u>Gas production and refinery</u></p> <p><u>Freight & passenger motor transportation</u></p> <p><u>Industry, energy, transportation, metal mining industry</u></p> <p><u>Construction, industry</u></p>	<p><u>Engels Trolleybus Plant</u> Commonwealth of Independent States, Greece, Argentina, Eastern Europe</p> <p><u>“Elmash-Micro” Ltd.</u> Commonwealth of Independent States, Iran</p> <p><u>“Signal” Ltd.</u> Commonwealth of Independent States</p> <p><u>“Saratov Bearing Plant”</u> Commonwealth of Independent States, 18 countries</p> <p><u>“Saratovglass” Plant</u> Commonwealth of Independent States, Iran, Turkey, Africa, Arabian countries, China</p>
